Medication Refills:

Please contact us for ALL refill requests. Please allow at least one week to process requests.

Followup Appointments:

Please schedule followup appointments via www.mycatholicdoctor.com to review any lab results, charting, treatment plan changes, etc. This is to ensure that we can review your results in conjunction with your cycle and symptoms to provide the best treatment options. If no followup is scheduled, your labs may not be interpreted on an individualized level as hormone levels can fluctuate depending on your cycle. In addition, medications are often titrated based on clinical response. Ideally, a followup should be scheduled each cycle until you have a stable/long term treatment plan. Followups are 15-60 min long based on your needs. If there are any financial/ insurance concerns, please contact our office or My Catholic Doctor billing to further assist you. Please upload any charts or results at least 12 hours prior to your visit.

For Telehealth visits:
